

2017 Fall Seed Sale

See more birds this fall and throughout the winter! Buy now to give our local birds a boost, and attract more species to **your** yard to enjoy all winter long.

We supply only premium seed. And when you buy seed from us, you're not only providing food for the birds, you're supporting Bedford Audubon's mission to connect people to nature.

How our Seed Sale Works

1. Fill out this order form, or order and pay securely at www.bedfordaudubon.org/shop.
2. If you don't place your order online, please send this completed your form with payment in full by **Friday, October 20, 2017** to:
Bedford Audubon Society
35 Todd Road
Katonah, New York 10536
3. Pick up your order at the **Bedford Hills Town Park** on **Saturday, November 4** between 10am and 12pm.

Directions to Bedford Hills Town Park

From the South: On Rt. 117/Bedford Rd. pass Bedford Hills sign on right; take first left onto Haines Rd. at gas station. Park is on left.

From the North: On Rt. 117/Bedford Rd. pass Police Station on right and take second right onto Haines Rd. at gas station. Park is on left.

Delivery

We offer delivery to addresses in Bedford, Lewisboro, Mount Kisco, North Salem, Pound Ridge, Somers, and Yorktown for a small **fee**.

Please note: We are unable to provide long-term seed storage for you at our office. Please make advance arrangements to pick up your seed on November 4, or add on convenient delivery to your order! You'll receive your seed the week after the sale.

About our Seed & Suet

Our seed is better quality than what you find at big box stores, so you will attract more birds with less waste.

Black Oil Sunflower Seed. Attract a large variety of birds, using this in hanging tube feeders. Gives birds the high energy they need.

Sunflower Chips. No hard shells, eliminating the mess under your feeder.

Economy Mix. Good for ground and platform feeding. A mix of white millet, milo, cracked corn, and sunflower seeds.

Select Mix. A quality feed for wide variety of species. High percentage of sunflower seeds, white millet, and cracked corn.

Thistle (Nyger). Tiny seed preferred by goldfinches and siskins; requires a special feeder.

Safflower Seed. Squirrels don't like it, but cardinals and chickadees do.

Suet Cakes. Woodpeckers and nuthatches love them. Choose from Nut & Berry or Peanut. Available by the cake, or case of 12.

Stay Connected

Seed Sale customers will automatically receive **The Feed**, our new monthly email guide to the birds you'll all see at your feeders. The Feed includes feeding tips and tricks, community science opportunities, and more!

Storage Tip

Buy fresh seed each season and store your seed and suet in a metal trashcan with a tight-fitting lid, placed in a cool, dry location.

Fall 2017 Order Form

Mail this form with your check payable to Bedford Audubon or credit card information (please use your credit card's billing address). You may also place an order by calling 914.232.1999 or at www.bedfordaudubon.org.
